**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking on the Commission's own motion to improve distribution level interconnection rules and regulations for certain classes of electric generators and electric storage resources.

Rulemaking 11-09-011
(Filed September 22, 2011)

NOTICE OF EX PARTE COMMUNICATION OF THE CLEAN COALITION

Pursuant to Rule 8.4 of the Commission's Rules of Practice and Procedure, the Clean Coalition hereby gives notice of the following ex parte communication. The communication occurred by telephone on Wednesday June 22, 2016, from approximately 1:00 pm to 1:10 pm with the offices of the California Public Utilities Commission. The communication was oral, and no written materials were provided.

Sahm White on behalf of the Clean Coalition initiated the communication with Ehren Seybert, Energy Advisor to Commissioner Peterman in response to ex parte communication from the Office of Ratepayer Advocates regarding the Alternate Proposed Decision in the Rule 21 docket (R.11-09-011) and potential revisions. The Clean Coalition underscored the improvements provided by the Alternate Proposed Decision relative to the Proposed Decision in providing viable cost certainty options in Interconnection Agreements and greater net ratepayer benefits. Support was indicated for modifications or refinements that would improve evaluation cost accuracy, potential cost recovery, and effectiveness of the proposed pilot.

Respectfully submitted,

/s/ Sahm White
